

Figure 7. Gravity Feed Carburetor, Shut-Off Valve and Choke

- |   |  |                                  |
|---|--|----------------------------------|
| 1. Lever, throttle stop                   | 15. Gland, main adjusting screw          | 27. Choke Lever Assembly         |
| 2. Screw, throttle stop lever             | 16. Gasket, main adjusting screw gland   | 28. Pin, choke rod swivel        |
| 3. Shaft, throttle stop lever             | 17. Screw, idle adjusting                | 29. Stud, choke lever            |
| 4. Jet, idle                              | 18. Spring, idle adjusting screw         | 30. Lockwasher, choke lever stud |
| 5. Shutter, throttle                      | 19. Cotter Pin, float retaining          | 31. Rod, choke                   |
| 6. Screw, throttle shutter                | 20. Float, carburetor                    | 33. Shutter, choke               |
| 7. Inlet Needle & Seat Assembly           | 21. Gasket, float bowl cover             | 34. Spring, choke shutter        |
| 8. Gasket, carburetor inlet seat          | 22. Cover, float bowl                    | 35. Screw, choke shutter         |
| 9. Gasket, inlet valve channel plug screw | 23. Screw & Lockwasher, float bowl cover | 36. Fuel Shut-Off Valve Assembly |
| 10. Screw, inlet valve channel plug       | 24. Screw                                | 37. Washer, packing gland        |
| 11. Spring, throttle shaft return         | 25. Nut, carburetor mounting stud        | 38. Packing, gland nut           |
| 12. Nut, main adjusting screw packing     | 26. Gasket, carburetor flange            | 39. Nut, gland                   |
| 13. Packing, main adjusting screw         |  | 40. Pin, groove - knob retaining |
| 14. Screw, main adjusting                 |  |                                  |
